

LUNA LAWN

LL-405

Specs and Technical Data

Sustainable and renewable, the LL-405 Luna Lawn Light Series represents a quality Lawn Illumination Solution while protecting and preserving our planet's fragile environment.

Absorbing the sun's photons during the day time, the Luna Lawn Light – LL-405 Series will provide night time illumination with class and elegance in your lawn and garden area.

The Luna Lawn – LL-405 Series can also be used inside your home as internal decoration after being fully charged outside during the day time.
